Mother tongue	Ukrainian
Other language(s)	English - Elementary, Russian - Good, German - Elementary
Driver licence	Car
Equipment experience	Tractor(good)
6.Hobbies and interests	Football
7.Job start date	10.05.2021

Autobiography

My name is Bohdan. I'm 26 year's old. I was born in Lviv. I am married and don't have children. I don't smoke or do drugs.

I like sport, play football and tennis.

I got some experience in agriculture on my grandparent's farm in the village. Twice at year, during my holidays, I was working on farm and did different work: preparing food to cows, pigs, rabbits, taking care of plants and root crops.

My working experience in the village helped me to find myself in future. After school I tried myself as a worker on the fields. Then I decided to work abroad, because there is a low level of agriculture in Ukraine. I worked in a dairy farm in Switzerland from October 2012 to February 2013. There I did a lot of work. My main duties were looking after cows, milking, cleaning and disinfection of stables, driving a tractor. I get good skills in working with agricultural machinery there, too. Also I worked in Austria. I was working there from February 2015 to January 2017. My daily duties were looking after cows, feeding and watering them, milking and making fresh bedding. I think, it gave me a lot of new skills in farming and made me hard-working.

Not so long ago I decided to get the diploma of vet. In 2018 I entered Agrarian Lyceum, the department of veterinary. There I have a possibility to learn more about different domestic animals.

While studying, I became interested in the Danish educational program, that helps Ukrainian students to get practice. I would like to continue to work with cows and I will be glad to work with minks, too. I heard a lot about the farms in Denmark and I would like to train there. I am ready to learn something new!
