Autobiography

My name is Kateryna. I'm 29 years old. I was born in 1989 in a small town Irshansk, Zhytomyr region, Ukraine. My family is not so big. I have got a mother, a father and a husband.

I finished a secondary school in 2006. I liked Geography, Biology and English. As for my hobby I like making compositions from beautiful flowers and after finishing school I found a job in a flower shop. I made compositions for wedding, birthday parties and other holidays and sold them.

Some time later I decided to see the world and worked in foreign countries. I was in Turkey, Egypt, Bulgaria and UAE. There I worked in hotels.

But when I met my husband in 2016 we started to study in Agrarian lyceum, the faculty of agronomy. I was glad to return to my favourite activity. I got very useful experience in greenhouses during my agricultural practice. I took care of plants, did planting, transplanting seedlings, prepared soil for seeding, fertilized and watered plants.

In July 2017 I went to Denmark for one year and was working there in greenhouses with herbs, cress, roses. There were two farms. My duties were

- growing herbs, cress,
- planting, potting,
- watering, sorting,
- packing, carrying out orders,
- shipping out plants,
- maintaining plants

I can speak English, Ukrainian and Russian. I understand a little bit of Polish

I have a driving license. I can drive a car.

Now my dream is to go to Norway and get more experience in plant growing. The second dream is to organize my own flower farm and a flower shop in future. Of course I want to meet new friends from other countries. I think it will be a good practice for my English.

I would like to work together with my husband as a seasonal or a skilled worker at a plant farm.

Regards,

Kateryna.
