Mother tongue	Ukrainian
Other language(s)	English - Good, Russian - Perfect
Driver licence	Car
Equipment experience	
6. Hobbies and interests	
Sport and healthy lifestyle	
7. Job start date	
As soon as possible	

Autobiography

My name is Vladyslav. I'm 29 years old. I was born in 1989 in Uman, Cherkasy region, Ukraine. My family is not so big. I have a mother, a father, a brother and a wife.

My father works in a building company as a builder, my mother is a housewife, my brother is a manager and my wife worked with me in Denmark.

From 1996 till 2006 I studied at school № 11 in Uman. I often spent my holidays in the countryside with my grandparents and helped them with their household. They had a huge garden with fruit trees and some greenhouses where they grew vegetables.

After finishing secondary school I didn't enter the university because my parents didn't have enough money for my study. I found a job at a bread plant. Then I worked with breaks in a small company. My work was connected with processing of some wood and iron.

In summer 2015 I worked in Finland as a seasonal worker. My work was connected with harvesting strawberries, raspberries and peas.

After coming back from Finland I was so satisfied with work in agriculture that I decided to enter Agrarian lyceum.

In September 2016 I became a student of Agrarian lyceum, the faculty of agronomy. During my practice in greenhouses I got a lot of useful experience in taking care of plants. I prepared soil for seeding, transplanting seedlings, fertilized and watered plants.

In July 2017 I went to Denmark for practice. There I was working for 1 year at two farms. The first farm grew herbs and cress and the second grew roses. My duties were

- growing plants,
- planting, potting,
- watering, sorting,
- packing, carrying out orders,
- shipping out plants,
- maintaining plants,
- operating a potting machine.

I can speak English and understand a little bit of Polish. I also speak Ukrainian and Russian. As for my hobby I like sport, especially athletics.

I have a driving license for cars.

I want to find a seasonal job in Norway. Of course I would like to work in a greenhouse as I had good experience in this sphere. I would like to go for a season but also I will be glad to work as a skilled worker for longer period.

I want to work with my wife Kateryna Buzan.

Regards,

Vladyslav.
